

# Buchhalter basteln

Dieser Buchhalter ist garantiert ein Blickfang und zudem noch sehr praktisch und preiswert, denn er hindert die Bücher am umfallen.

## Material

- 1x base plate (130x130x5mm)
- 1x wall (170x130x5mm)
- 1x side panel (according to the file "bookkeeper\_template\_man.jpg")
- Saw
- Wood glue
- Possibly some paints, if you want to paint it

## Building instructions

Saw out the base plate, the wall and the side part using the indicated sizes.

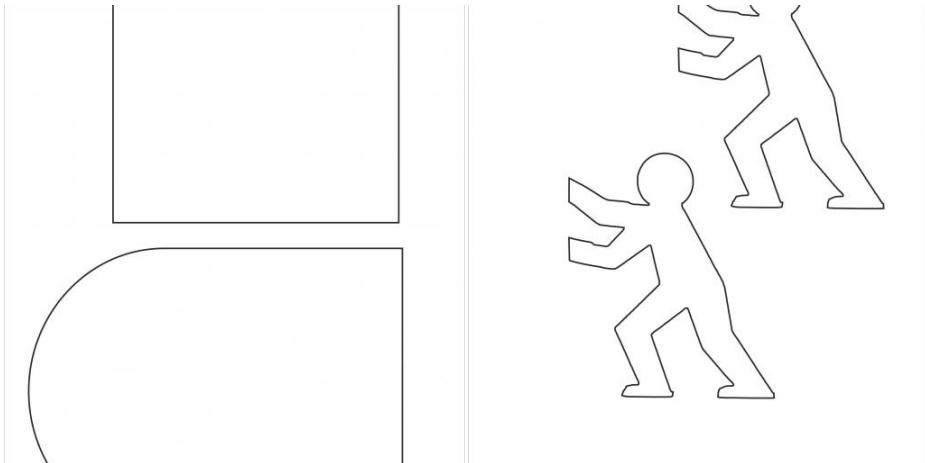

||

Transfer the template below to the wood and saw it out.

||

Then sand all parts and glue them together.
