10 Sekunden Verstecken

Nur während 10 Sekunden schliesst der "Sucher" die Augen. Das ist nicht viel Zeit, um sich zu verstecken. Der "Sucher" darf sich dann aber auch nur 3 Schritte vom Startpunkt/Objekt fortbewegen.... - Wieviele der Versteckten kann er finden?

Viele Varianten dieses Spieles sind möglich.

Game data

*Age: from 7 years

*Number: 6 +

*Terrain: outside (forest)

*Management: 1

*Duration: 10 min +

Material

None (or who wants a pipe)

Preparation

No preparation is necessary for this game.

Game procedure

*An object is chosen as the starting point. Everyone must touch this object or stand near it. A tree is advantageous.
*One person is the "seeker" - they close their eyes and count loudly and slowly to 10 (can also blow a whistle ten times). During these 10 seconds, everyone else hides.
*The "seeker" now tries to find as many as possible and call them by name, but may only move 3

steps away from the starting point/object.
*All those who are hiding can also try to sneak up to the starting point/object without the "seeker" noticing. If someone succeeds, they are the winner of the game.

End of the game

If, after a long search, not everyone has been found in their hiding places, the game is stopped and everyone gathers again at the starting point/object. Now the game can be repeated, but only with 9 seconds etc.
