Fire breathing

Fire breathing - safety aspects and instructions

This article is a Forum magazine article and is attached in full as a pdf below - only excerpts are reproduced here.

Fire-breathing - safety aspects and instructions

Fire-breathing is not witchcraft - but it is not without its dangers.

Who hasn't marveled at the street juggler who spits a column of fire several meters high out of his maw on the lakeside promenade on a warm summer evening? You don't have to be a dragon to achieve something similar ...

Fire-breathing as a "special effect"

- What you need
  In addition to enough space and time, you will need various utensils for fire-breathing. These include for emergencies:
  - Fire blanket
  - Fire extinguisher
  - Water
  - Telephone
- How to light a fire:
  - Matches
  - Torch
  - Fuel
  - Water and/or milk
  - A cloth
- How to make it
  - Preliminary exercises
  - Thoughts on safety
