## **Perspective Bible Reading**

With this Bible reading idea, you can experience 10 to 15 inspiring minutes together with other people from your group.

## **Proceeding**

- Start with a prayer.
- Read the Bible text aloud.
- Exchange ideas about the Bible text. Each person focuses on only one of the following perspectives at a time:
  - **Facts** and **Information** that is in the text.
  - Emotions it elicits.
  - Everything **negative** about the text that stands out.
  - Anything positive about the text that stands out.
  - All ideas and impulses for action that come from the text.
  - One moderates the conversation.
- Once you've kept the perspectives going for a while, you can switch roles.
- In conclusion, tell God what moves you.
