Rain

Age
From 8 years

Number of players
Between 6-20

Description
All players sit in a circle and close their eyes. The leader begins to explain in a quiet tone:

Quiet for a moment and prepare to repeat the noises the neighbor to your right will make. Do not open your eyes and concentrate only on the neighbor to your right.

It's a rainy day and the clouds are rumbling in the sky. Every now and then a light rain falls (the leader rubs his palms together until he realizes that this sound has once passed all the players in the circle). It doesn't get better, and the raindrops get bigger and bigger (a sound is made with the thumb and middle finger - the sound for calling the waiter - until this sound has also passed once through the circle).

Throughout the day, it rains harder and harder: clapping)

At a certain point, it rains with buckets (the thighs are slapped)

A thunder and lightning storm starts (feet hit the floor)

But... after a few minutes it lasts (only the thighs are beaten), and the rain calms down (only the palms are beaten).

After a few moments, the raindrops cool down (the sound for the waiter's call), only a light rain falls (just rub the palms). After a short while, the rain stops (silence) and the sun comes out (eyes open).
