Christmas theatre of joie de vivre, time and love

A Christmas theatre about the joy of life, time and love

Plot

A leader meets 3 figures at the beginning of the program; the joy of life, time and love. From each of these the leader receives a gift (lantern, hourglass and a (bread) heart). With these gifts the leader and the children with possibly parents set off into the forest.

On the way there she meets the 3 figures again, but in the shape of a normal person. Only in the conversation with this she understands, for what the three gifts really mean.

The last thing to do is to find out what they are

The last thing to do is to divide the heart among those present, which makes a heart of bread ideal.

Christmas Theatre

Rights

The theater is freely invented with ideas from a wide variety of Christmas stories.
