Semester program: Ernst Tanner Helimission

Here you will find a spiritual concept, a semester program on the topic of "Ernst Tanner Helimission" and other interesting information (including videos).

Ernst Tanner is a Swiss missionary and helicopter pioneer who has had many exciting experiences with God, people and helicopters over the years. His lively stories can be found in the books Todesschatten and Mehr als ein Abenteuer (both on the Helimission homepage). There are also video clips of various stories to match the afternoon's theme.

The stories are ideal for a semester with a focus on young adult technology (see semester program).
