### **Kwallenballs**

A very nice team game for all ages, but highly recommended for ages 15 and up, and a "must play" for students.

#### **Game Information**

■ Age: 8+

Number: 4-6 players per teamTerrain: Outdoors/on a fieldStaff: 1 game master

■ Game duration: 15 minutes

#### **Material**

- 1 jute bag filled with approx. 2kg sand
- 2 containers/basins (mortar tubs) filled halfway with water
- Material to mark pitch lines
- A whistle for the referee

## **Playing field**

The size of the playing field should be determined on the number of players. At least 15 meters long and up to a maximum of 30 meters long. The playing field consists of two halves and in each half there is a mixing container (half filled with water). The containers are placed about five meters in front of the back lines. Don't make the pitch too big because Kwallenballs is a pretty intense game.

## **Gameplay**

#### **Objective of the game:**

To score a goal by dumping the sandbag into the opposing group's mixing bowl.
