Educational Miscellaneous - How Jesus Trained His "Crew" to Be Evangelists

Family, a great training ground

Targets

In the vessel "family" you move close together here and there. Suddenly, people are moving around again. But whatever the circumstances supply: education in responsibility before God pursues goals.

Learning from one another

Taking and giving

From the "bag of tricks" of Jesus

- Demonstrate, recite, explain
- Derive the unknown from the known
- Pictures, object lessons
- Challenge questions, dialogues, debates
- Tell stories
- Set problems and tasks
- Try it out practically
- Test

Maybe you want to add to the list?
