Scrabble in variants

Scrabble is a well-known board game in which you can form words with individual letters. The goal here is to use as many letters as possible. It is laid in crossword style.

Making the game

For playing in the house you can make the game well itself. For the "game board", take an A4 sheet and draw the squares on it. For the letters, you can copy this S4 sheet and write the letters in the

squares. Depending on your needs, you can copy these letters and cut them out. For outdoor play, I recommend a store-bought scrabble game. The game board and letters are made of cardboard. These letters will not blow away immediately in windy weather.
