How to Play?
Participants are arranged in a circle. 2 people are chosen to go outside the circle and move away from the others. During this time, each participant chooses a partner and together they come up with a secret sign (example:dance move or secret handshake). When they are ready they form a circle again by shuffling so that they are not next to their partner. Then the other two who have been sitting on the side appear and the game begins. The object of the game is for the two players to guess who is partnered with whom. Whoever guesses more pairs wins.
