SIA Detectives Ltd - Whose baby is this?

In this afternoon's EPA, we investigated a case that concerned a dispute between two mothers regarding a child, each claiming that the child was hers.....

Have you figured it out yet, yes this is the case that King Solomon solved quickly, easily and most of all wisely.

As usual we started with a welcome, rules and a preface.

Detective Game

The detective game started with our clue that was previously uploaded on our page. We used a diaper that eventually led the children to the two fighting women, we made the game so that the children would not know who the mother was and would have to seek help from someone, namely Solomon .

The scene

This was exactly the skit with Solomon, who was played by one of our leaders, quickly solved the problem of the two women and found out who the real mother was.

Praise and sharing

Sharing was the key message "Wisdom is more valuable than gold"

A treat

The treat can be of your choice.

Verse to learn

The verse we used was Proverbs 16:16

Logic Game

To give the kids a chance to test their "Wisdom", the last game was a logic game, with the goal being for one team to solve the most of them.

Conclusion
