

"Asterix & Obelix" camp concept

The materials are intended for a leisure or camp of six to eight days. As a frame story, the children accompany Asterix and Obelix in their challenge to repair the cup of Majestix. Seven stories from the life of Paul were chosen to match the travel adventure of Asterix and Obelix.

In keeping with the travel adventure of Asterix and Obelix, seven stories from the life of Paul were chosen. They begin with Paul's vocation. It continues with different stations of his journey, until he finally arrives in Rome in the last story.

Contents

The material for the "Asterix and Obelix" children's layer includes:
