

Recipe for waffles

Products needed:

- 2 cups of flour
- 2 eggs
- 2 tablespoons baking powder (tablespoons)
- One and a half cup fresh milk
- 1/3 cup fat (oil/butter)
- 2 - 3 tablespoons sugar
- 1/2 teaspoon salt
- Vanilla

If you have more children you can make a double batch.

Preparation:

Mix all the dry ingredients in a convenient bowl and whisk the eggs, milk and oil in a separate bowl. Mix the two mixtures well and then add the egg mixture to the bowl of dry ingredients. Gently stir and the waffle mixture is ready.

Preheat the waffle iron, grease it with a little oil and, using a large spoon or small ladle, pour some of the mixture into the appliance. Bake according to the appliance manufacturer's instructions (until the waffles are a nice golden brown).
