

Wordle is an online software for creating word clouds. You can use it to decorate a flyer. [Here](#) the link to create.

Go to the page **mentioned above** or search Google for the words "wordle create".

1. Click on the 'word list' box and edit the words to your liking. The more common a word is the bigger it will be in the wordle afterwards.
2. Click on the "Apply" button. You may need to allow your browser to run the Java plug-in.
3. Now for the various fields 'Outline', 'Fields', 'Mask' etc. you can adjust the Wordle until you like it.
4. At 'File', the Wordle can be saved as an image.

You can use the Wordles freely. If you know how, you can even get rich with them

Caution: If you save them to the Wordle gallery, you don't know how other users use it.

If you have Java plug-in running, you can use the buttons at the top, to set more preferences.

Under the tab 'Wordlist' you can weight the individual words.
