

# Wordle

Wordle is an online software for creating word clouds. You can use it to decorate a flyer. [Here](#) the link to create.

## Creation

Go to the page [mentioned above](#) or search Google for the words "wordle create".

1. Click on the 'word list' box and edit the words to your liking. The more common a word is the bigger it will be in the wordle afterwards.
2. Click on the "Apply" button. You may need to allow your browser to run the Java plug-in.
3. Now for the various fields 'Outline', 'Fields', 'Mask' etc. you can adjust the Wordle until you like it.
4. At 'File', the Wordle can be saved as an image.

## Legal

You can use the Wordles freely. If you know how, you can even get rich with them

**Caution:** If you save them to the Wordle gallery, you don't know how other users use it.

## Extensions

If you have Java plug-in running, you can use the buttons at the top, to set more preferences.

Under the tab 'Wordlist' you can weight the individual words.
