Muffins

Muffins are an easy-to-make and attractive snack that you can bake with a group of friends to enjoy together or for a special occasion.

This recipe is for traditional English cupcakes.

Ingredients

- 200 g softened butter
- 1 teaspoon vanilla extract or vanilla sugar
- 200 g sugar
- 3 or 4 eggs
- 200 g flour mixed with baking powder.

Recipe

Preheat the oven to 180°C.

Line the muffin pans with paper liners.

In a mixer, cream together the butter, vanilla/vanilla sugar, and sugar.

Add the eggs—one at a time*.

Gradually add the flour, stirring constantly.

If the batter seems too thick, add a little milk.

*You can beat the egg whites first and add them gradually to the batter—this will result in a lighter texture for the finished cookies. However, this makes it more difficult when baking in large batches.

Fill the paper liners 1/3 full with a teaspoon.

Bake in the oven for about 15–20 minutes.
