# Fishermen and Fish

A game with lots of movement

## Details

- Age: 5+
- Number of participants: 10+
- Location: flat terrain
- Number of leaders: 1
- Duration: 10–20 minutes

## How to Play

The playing area is determined based on the age and number of participants. Two of the players act as the fishermen’s net. They hold hands and chase the others, who are the fish. When a “fish” is caught, it becomes part of the net by holding onto the fishermen. The game continues until only one fish remains. The remaining fish wins the game.

## Another option

The network can be split if there are more players. For example, when the chain consists of 6 people, it can be split into two networks of three.
