

Schnapp-dir-einen-Jemand

Das ist ein schnelles Slalom-Rennen der besonderen Art.

Material

- Fähnli or similar to stake out a slalom.

Procedure

One group lines up on one side of the field, the second group on the other, with a slalom marked out between them (see cover picture above). At the appropriate signal, one runs through the slalom to the other, picks up one of these creatures on its hump, and runs through the slalom back to its place. The winner is the fastest pair.
